

Buckinghamshire Military Museum Trust: present

The Great War Virtual Trail Roadshow

VENUE: Royal British Legion, Lock Road, Marlow SL7 1NT

Saturday 18 February 2017: 1000-1600

In conjunction with Marlow RBL, Marlow Remembers World War One Association and the Centre for Buckinghamshire Studies, the Trust will be showcasing its HLF-supported **Bucks Great War Virtual Trail**.

War-related photographs taken in the county between 1914 and 1919 are contrasted with the current view of the same location, giving a sense of the immediacy of the past within the present whether it's the Royal Bucks Hussars in the Market Square at Buckingham, the Bucks Battalion leaving Aylesbury, the 21st Division encamped at Halton, the Grenadier Guards at Marlow, munitions workers at High Wycombe, King George V at Great Missenden, or the unveiling of the war memorial at Stewkley.

Why not bring along your own treasured wartime photographs for identification by our experts? You can learn about your family's part in the Great War, and help preserve the county's heritage.

** There will also be displays of artefacts.

** Showings of the new DVD, '**Our County at War: Buckinghamshire in the First World War**'

** See the trail as images are added at www.bmmt.co.uk
